

WELCOME TO IGNATIUS FARM COMMUNITY SHARED AGRICULTURE (2023)

Ignatius Farm is a certified organic community training farm committed to addressing the ecological and agricultural challenges of our times. The vegetable fields grow produce for the Farm’s key supporters - CSA members, as well as for service agencies, local businesses and markets.

Ignatius Farm CSA was established in 2001. The CSA provides Small and Regular CSA shares to over 250 households in and near Guelph. CSA members share in the bounty of the farm and eat with the growing season. In a lean growing season, CSA members are prioritized as they have prepaid for their portion of the harvest. In the event of catastrophic weather (tornado, flood), we will work together with CSA members to come up with a solution that provides refunds but also supports the farm to stay afloat. Regular CSA shares (typically feed two vegetarians or a family of four) average \$53 in weekly value. Small CSA shares (a bit over half of a regular share) average \$33 of organic produce in weekly value. An extra week’s worth of harvest is included in the Late Summer Share.

Here is the **certified organic** produce expected throughout the season

Early Summer	Strawberries, spinach, salad greens, radishes, peas, broccoli, garlic scapes...
Mid-Summer	Tomatoes, peppers, eggplants, beans, beets, carrots, cucumbers ...
Late Summer	Tomatoes, potatoes, garlic, broccoli, onions, beets, carrots, parsnips, leeks, spinach ...
Fall (bi-weekly)	Pumpkin, broccoli, beets, potatoes, garlic, onions, carrots, leeks, winter squash ...

The core farm team is: Donald Bowyer - Assistant Farm Manager, Jennica Grimshaw - Field Coordinator, Pamela Costanzo - Outreach Administrator, Lisa Conroy - Farm Educator and Heather Lekx - Farm Manager. They are joined by seasonal staff, Farm Immersion Interns, volunteers, and Workshares to grow your food.

How do I get my food?

CSA shares are collected market-style at the farm under the big tents.

Pre-packed shares, where your share is packed by the farm staff in advance, are available for a fee.

Neighbourhood CSA host sites around Guelph offer pick up locations for pre-packed shares.

Just sign in, say hello, and collect your food – you’ve already paid!

ON FARM PICKUPS (just North of Guelph- 5420 Highway 6 North)

- On your pick-up day, come to the Farm Workshop tents. Bring bags and pack your crop share
- Items are allotted by volume or weight e.g. 2 pounds of carrots, 1 head lettuce. Choices are offered (beets vs carrots) where possible
- Take advantage of member only u-pick areas; enjoy the Ignatius Jesuit Centre trails

NEIGHBOURHOOD CSA PICKUPS IN GUELPH (options below)

- We pack your share in a closed crate and you come to your designated site during the pick-up time
- Put your vegetables into your own bags and leave the crate

Can I change my on-farm pickup day?

Yes, you may change your pickup day **once** during the season.

- Call the farm line or email farmregistration@ignatiusguelph.ca
- Change request deadline for each week is **Monday at 12 noon**.
- If you are away on vacation, you can have a friend or relative pick up your share; this allows you to share your farm experience with others!

Uncollected shares are donated to a local service organization or family & are no longer be available for pickup.

U-Pick Items!

- A complimentary cut flower area is on offer to CSA members starting in late July
- Some crops, such as peas, beans, hot peppers and tomatoes may be available for complimentary you-pick if it is a bountiful year
- Strawberry you-pick is available for charge when available
- There will be signage at the farm pickup when you-pick options are available

Can I buy extra vegetables?

Sometimes we have extra vegetables available for sale. Inquire at:
